

Instructions for Creating the Italian Verb Wheel

Materials Needed:
Printed files: Bottom1, Bottom2, Top1, Top2
Scissors
A split pin

Steps:

Prepare the Sheets:
Print out the four files: Bottom1, Bottom2, Top1, and Top2.
Each file represents a part of your verb wheel. Bottom1 and Top1 make up "Lato 1," and Bottom2 and Top2 make up "Lato 2."

Piercing the Sheets:
Carefully pierce a small hole in the center of each sheet. The center is marked for your convenience.
Ensure the hole is big enough for the split pin to pass through but not too large to make the sheets loose.

Cutting the Wheels:
Cut out each wheel along the indicated lines. These lines are typically around the edges of the printed designs on each sheet.

Assembling Lato 1:
Place Top1 on top of Bottom1, aligning the holes you've pierced.
Ensure that the verb information on both sheets is visible and properly aligned.

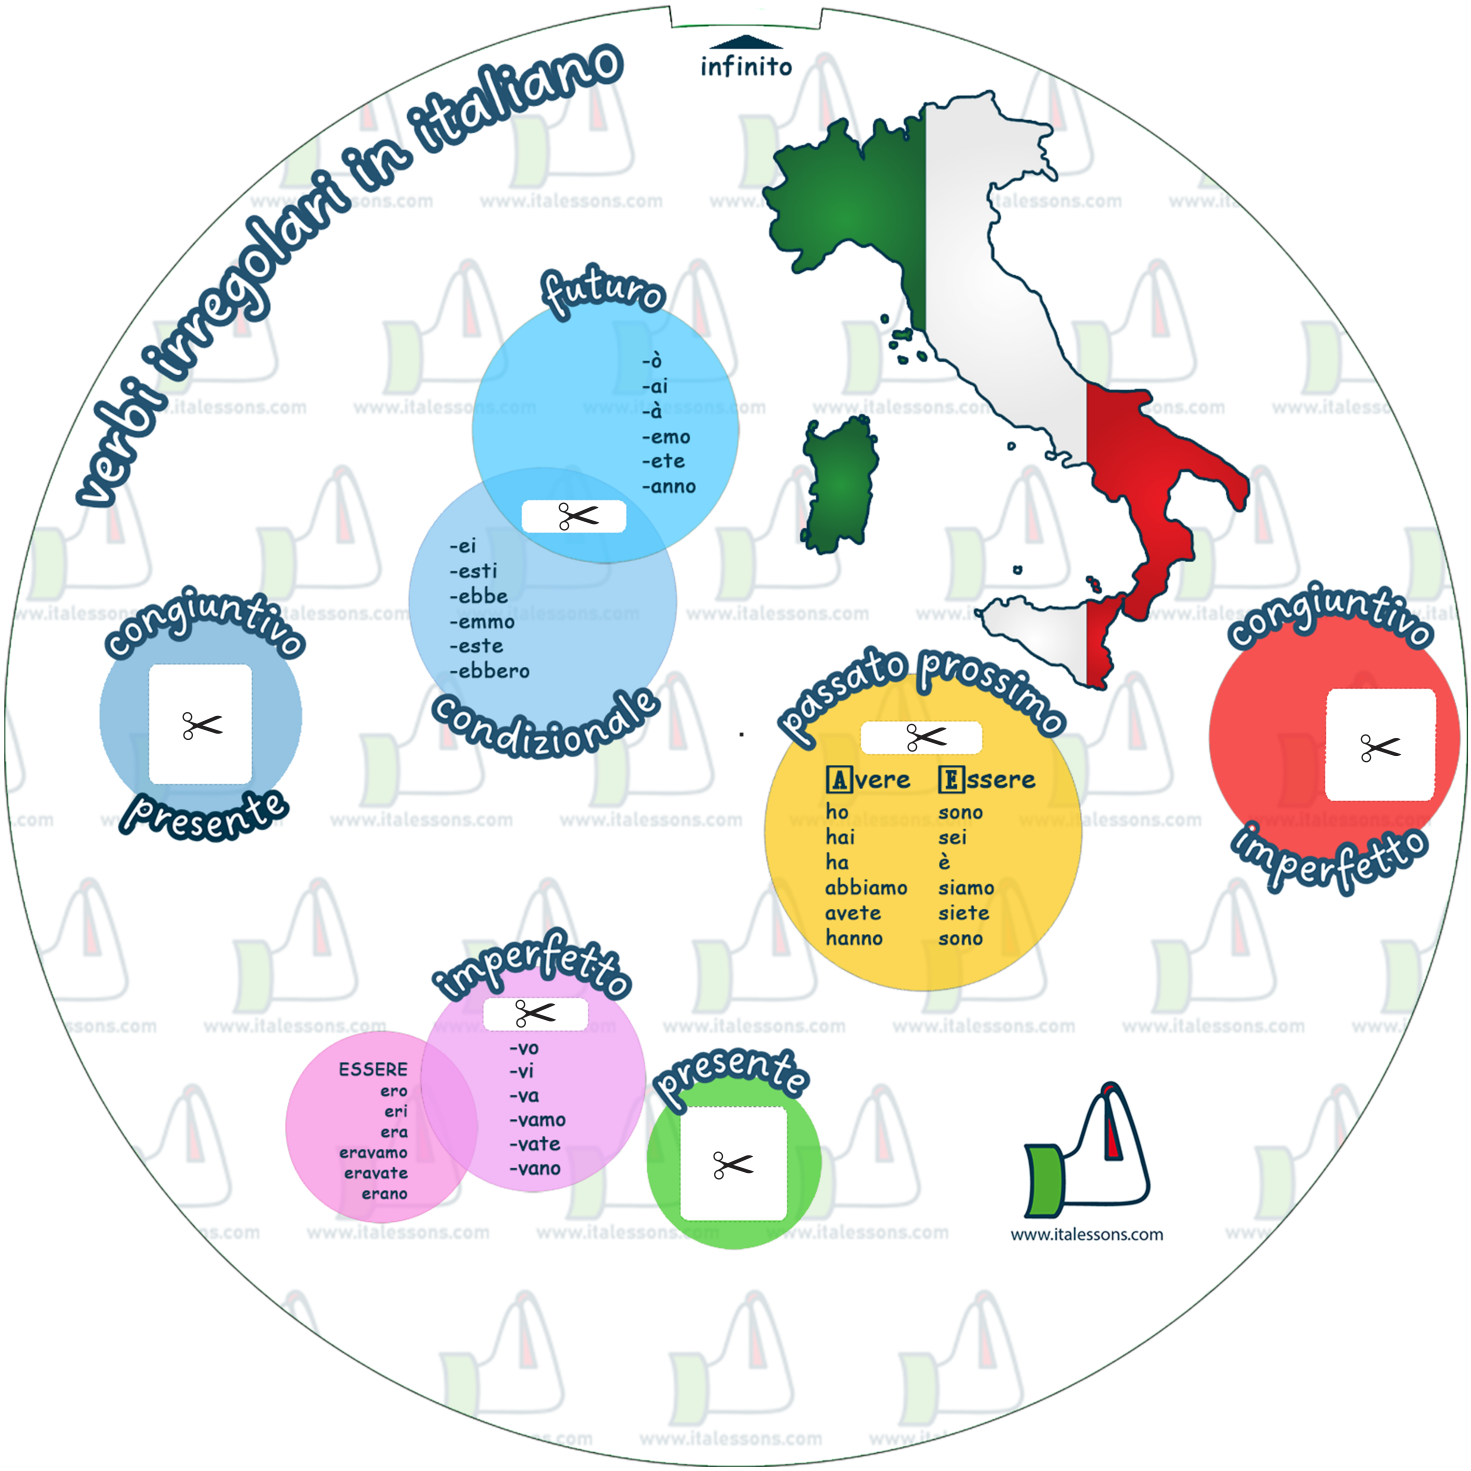

Assembling Lato 2:
Repeat the same process for Lato 2: Place Top2 on top of Bottom2, ensuring the holes are aligned and the verb information is visible.

Combining the Latos:
Stack Lato 1 (Top1 and Bottom1) and Lato 2 (Top2 and Bottom2) together, aligning all the holes in the center.

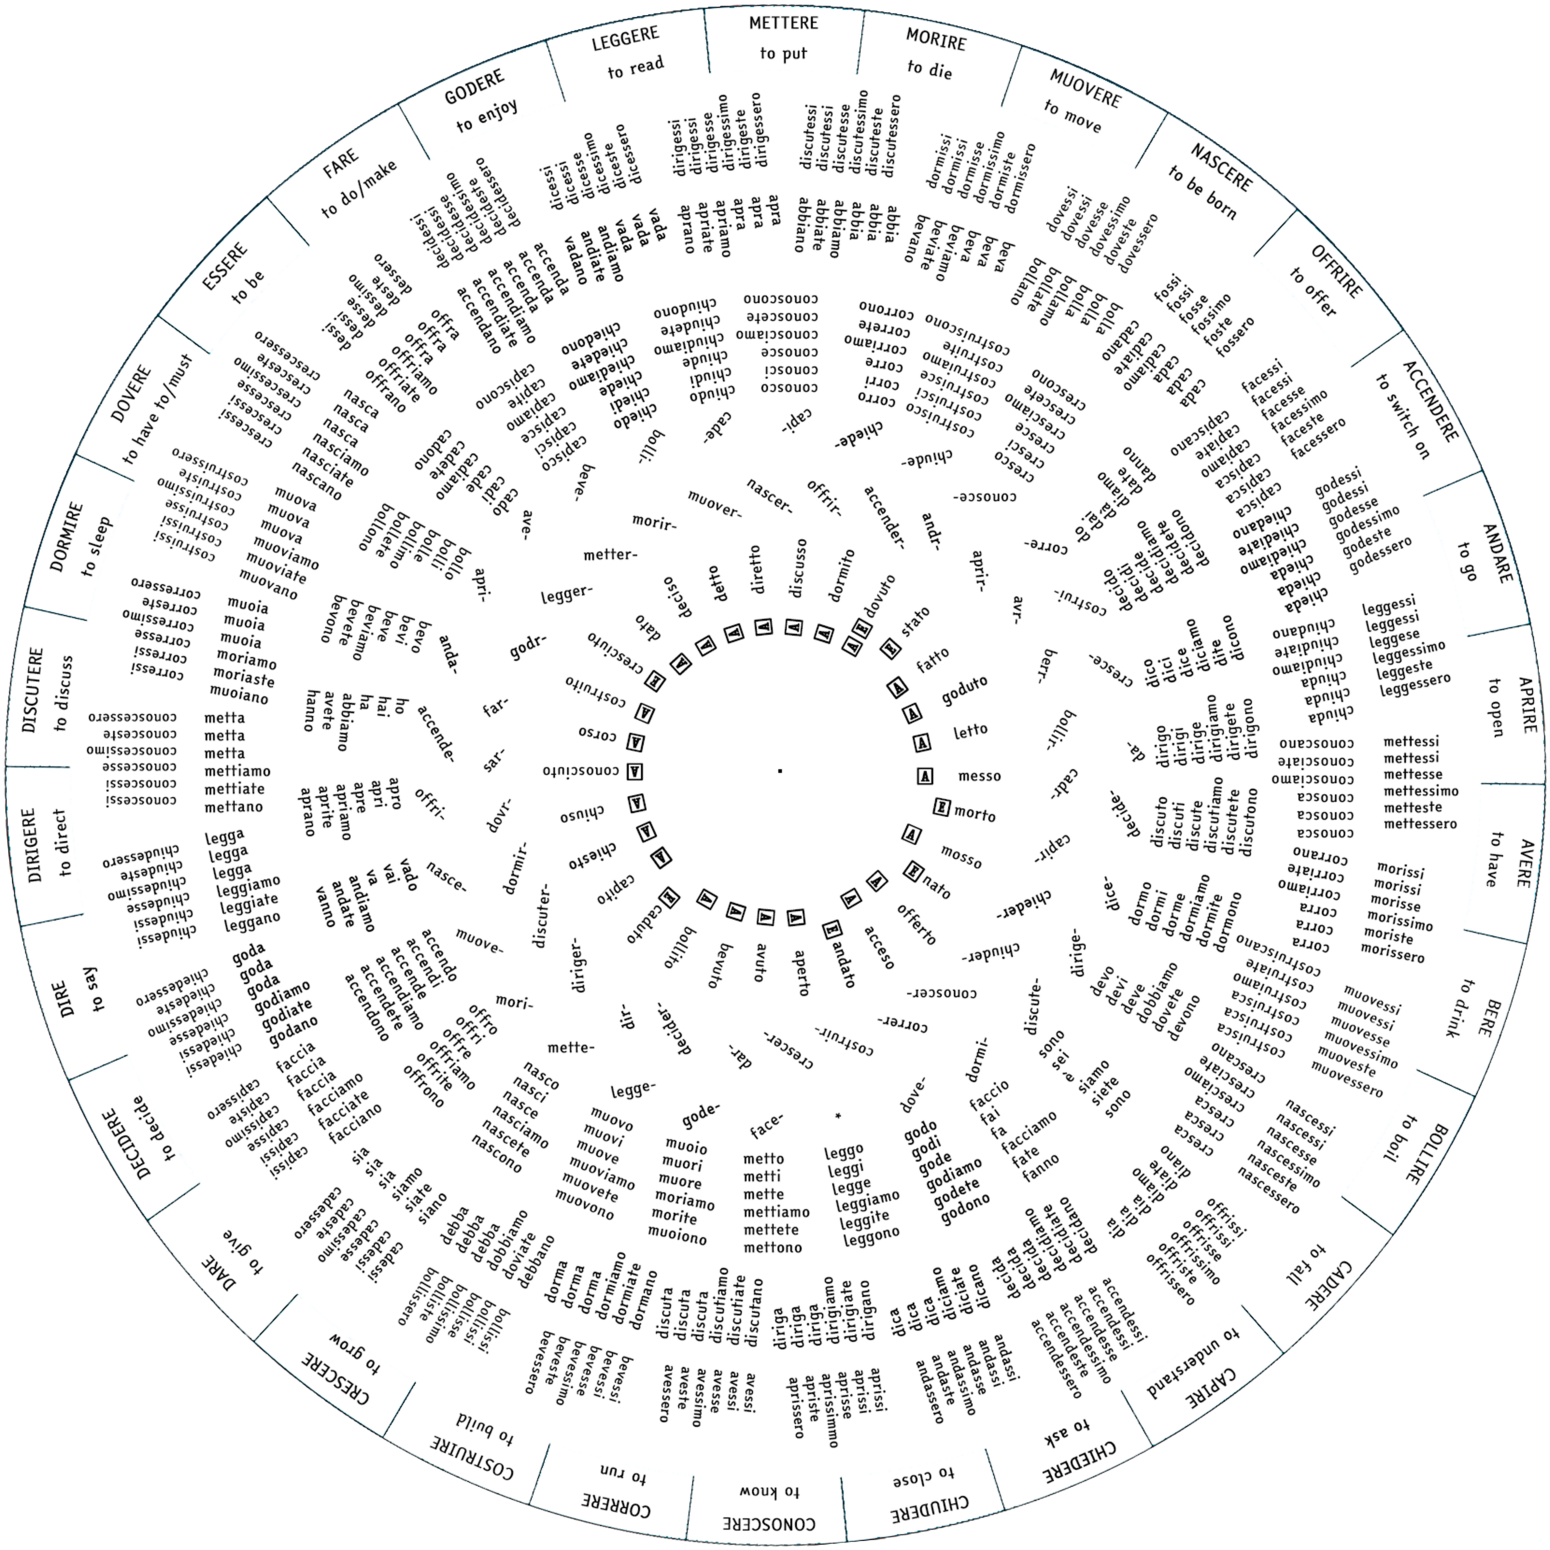

Securing with a Split Pin:
Insert the split pin through the aligned holes of the four sheets.
Split the ends of the pin at the back to secure the sheets together but allow them to rotate freely.

Using the Verb Wheel:
Rotate the top sheets (Top1 and Top2) to reveal and learn about 30 different Italian verbs on each side.
